

83. CANCEL PRODORDER - REVISION 003

83.0 Overview

This chapter describes the Business Service Request named CANCEL PRODORDER, the Verb being CANCEL and the Noun being PRODORDER. The environment for this BSR can be within the enterprise or outside the enterprise.

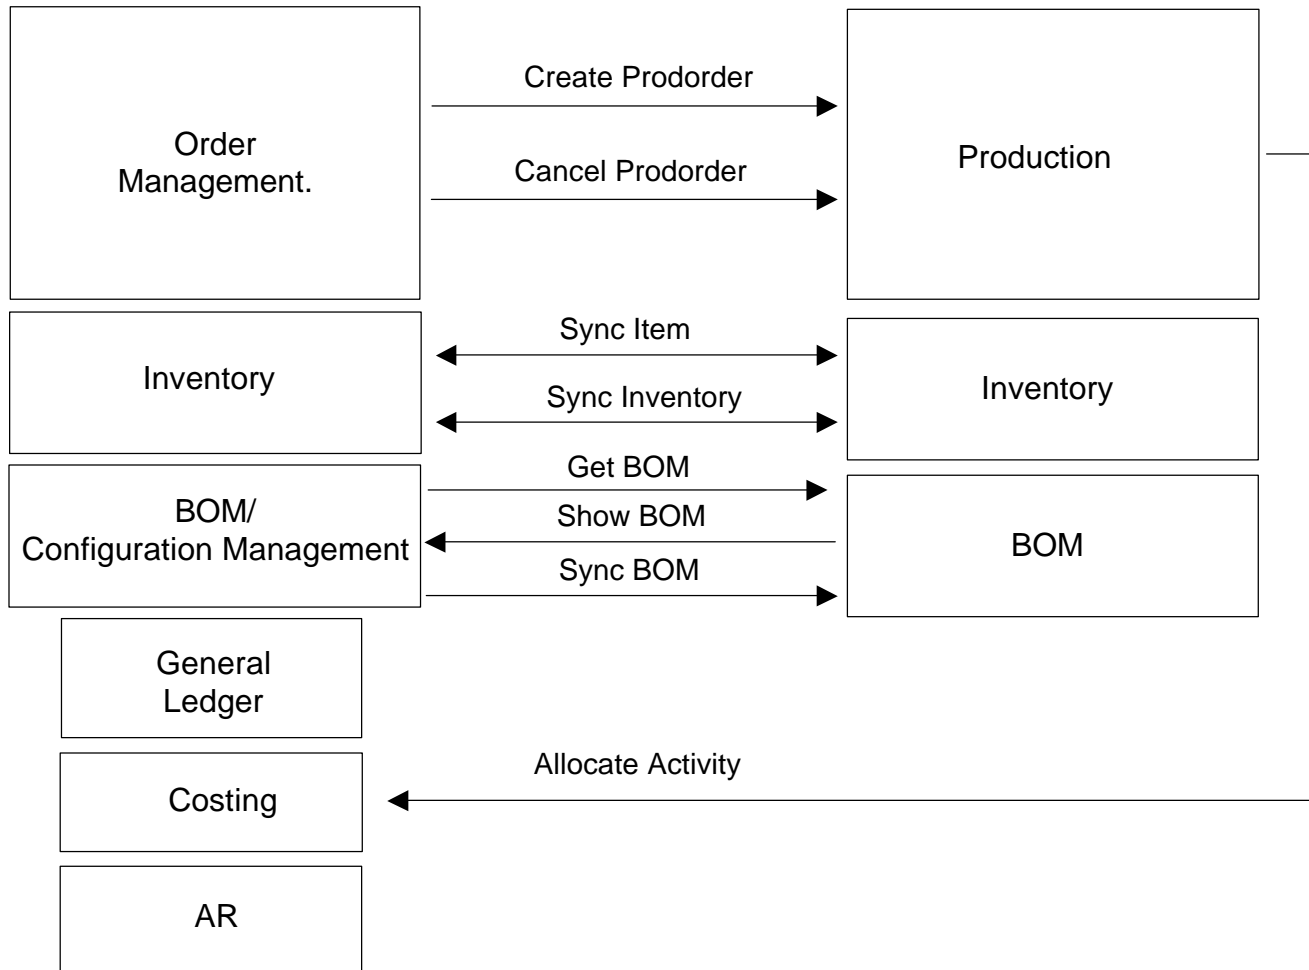

The purpose of the CANCEL PRODORDER Business Service Request is to notify a Manufacturing Application of the need to cancel a previous order to make a product in a specific quantity, for a specific need by date. This Business Service Request may be used to cancel an entire Production Order, or a specific line on the production order.

Processing Notes:

This cancel must refer to the original document and/or item ordered. To cancel the entire order, include only the Header information for the instance of the Production Order you wish to cancel. To cancel a line or several lines, each line to be cancelled must be included in the request.

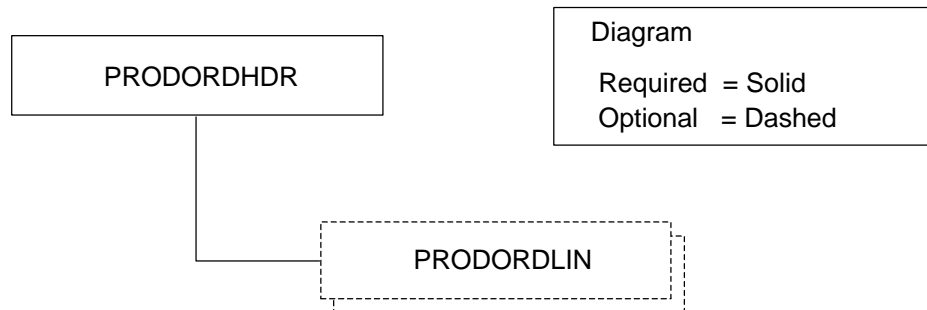

This BSR commonly causes updates to occur.

This BSR may be used individually, or as part of a larger interface scenario. The picture below visualizes one of the possible uses of this BSR.

83.1 Cancel Prodorder

The CANCEL PRODORDER consists of the following Data Types:

1. **PRODORDHDR** - Information used to communicate the details of the production order requested to be initiated. This Data Type is required.
2. **PRODORDLIN** – Information used to communicate the individual items on the pre-determined Bill of Material structure. This Data Type is optional.
